Listen to this passage about bees and write the missing words in the spaces given.

Marks
Awarded

Bees

Everyone knows that bees make honey but not everyone realises that they are the

(example) _____ only _____ insects that make food we can eat. The honey

(1) _____ they make is very healthy. In the world there are over 16, 000 kinds

of bees. We can find them everywhere in the world but not in Antarctica, the

(2) _____ and windiest place on earth. They have (3) _____ eyesight

because they have two large eyes that cover most of their head. They also have three

(4) _____ eyes.

Scientists have studied bees to (5) _____ how they communicate with each

other. When a bee sees some food, it (6) _____ does a kind of dance, called

a 'bee waggle'. This (7) _____ the other bees that there is some good food

nearby.

Bees are also very (8) _____ because they help flowers and plants grow. Many

people are worried about bees. The number of bees is going (9) _____ because

the world is changing. Scientists say we need to take care of our world and make sure

there are (10) _____ places in nature for bees to live.

20
